

SOUTHAMPTON THEATRE GUILD

1986 has started well for the Southampton Theatre Guild. Already this year member groups have supported and attended a most enjoyable and successful Fancy Dress Ball, a very informative and useful stage lighting course has been held (another, more advanced, is being planned for later this year), and tonight we have the second in the current series of annual Drama Festivals.

These are just some of the benefits to be gained in being a member of the Guild -- there are more! Among them: cash loans and grants, available for special group projects, the borrowing or hiring of lighting equipment, costumes etc, arranged; trophies awarded for outstanding productions and settings; the services of a constructive critic; regular meetings for group representatives, at which Guild activities of all types are planned and programmed, and which also provide useful talking-shops for discussions and the exchange of information and ideas. Further to this, there are regular newsletters, which include publicity for group productions. We can also cater for other requirements: just tell us; if it's at all practicable, we'll arrange it!

We hope you enjoy tonight's productions. For the best of this year's entries there is a new award: a most attractive representation of the Guild's logo in wood, which has been designed by an inspired local artist, and is in process of being sculpted.

So, from a theatrical viewpoint, at least, 1986 seems to be set fair for local member groups. Are you a local group in, or within reach of, Southampton? If so, and if you are not already a member, join us! For a small annual fee (current subscription £5) all these advantages can be yours. Why not write to the Guild's Secretary, who would be pleased to give you any further information you require:
