**Tues 24 - Sat 28 January 2012 at 7.30pm**

When East Coast college graduate Benjamin Braddock finds himself alienated and adrift from his peers in the shifting, social and sexual mores of 1960's America, he begins to question his existence. Enter seductive older woman and life-time family friend, Mrs Robinson, who offers herself to Ben and strips in front of him at his graduation party. Very quickly Ben realises that the shallowness of his life is about to change forever...

The Graduate, formerly a cult novel and the classic coming-of-age film of the Sixties, is brought vividly to the stage in a tragic three-way sexual odyssey.
